SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification of the substance in accordance with Regulation (EC) No 1272/2008 The substance is classified as dangerous.

Acute Tox. 4, H302+H312+H332 Muta. 2, H341 Aquatic Chronic 3, H412

Most serious adverse effects on human health and the environment

Suspected of causing genetic defects. Harmful if swallowed, in contact with skin or if inhaled. Harmful to aquatic life with long lasting effects.

2.2. Label elements

Hazard pictogram

Warning

SAFETY DATA SHEET

according to Regulation (EC) No 1907/2006 (REACH) as amended

Pyrogallol						
Creation date	21st September 2019	-				
Revision date	16th December 2024	Version	3.0			
Dangerous su pyrogallol (Index: 604-00 Hazard state H302+H312+H	09-00-6; CAS: 87-66-1) ments	d, in contact with skin or	if inhaled.			

H341	Suspected of causing genetic defects.
H412	Harmful to aquatic life with long lasting effects.
Precautionary statements	
P273	Avoid release to the environment.
P280	Wear protective gloves.
Supplemental information	

Restricted to professional users.

2.3. Other hazards

The substance does not have endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605. Substance does not meet the criteria for PBT or vPvB in accordance with Annex XIII of Regulation (EC) No. 1907/2006 (REACH) as amended. Does not contain any PMT or vPvM components. Dust may form explosive mixture with air.

SECTION 3: Composition/information on ingredients

3.1. Substances

Chemical characterization

The substance specified below.

Identification numbers	Substance name	Content in % weight	Classification according to Regulation (EC) No 1272/2008	Note
	substance main component pyrogallol		Acute Tox. 4, H302+H312+H332 Muta. 2, H341 Aquatic Chronic 3, H412	

Full text of all classifications and hazard statements is given in the section 16.

SECTION 4: First aid measures

4.1. Description of first aid measures

Take care of your own safety. If any health problems are manifested or if in doubt, inform a doctor and show him information from this safety data sheet. If unconscious, put the person in the stabilized (recovery) position on his side with his head slightly bent backwards and make sure that airways are free; never induce vomiting. If the person vomits by himself, make sure that the vomit is not inhaled. In life threatening conditions first of all provide resuscitation of the affected person and ensure medical assistance. Respiratory arrest - provide artificial respiration immediately. Cardiac arrest - provide indirect cardiac massage immediately.

If inhaled

Terminate the exposure immediately; move the affected person to fresh air. Protect the person against growing cold. Provide medical treatment if irritation, dyspnoea or other symptoms persist.

If on skin

Remove contaminated clothes. Wash the affected area with plenty of water, lukewarm if possible. Soap, soap solution or shampoo should be used if there is no skin injury. Provide medical treatment if skin irritation persists.

If in eyes

Rinse eyes immediately with a flow of running water, open the eyelids (also using force if needed); remove contact lenses immediately if worn by the affected person. Rinsing should continue at least for 10 minutes.

If swallowed

Provide medical treatment. For persons with no symptoms, call the Toxicological Information Centre to decide about the need of medical treatment; provide information about the substances or composition of the product from the original packaging or the Safety Data Sheet of the product.

SAFETY DATA SHEET

according to Regulation (EC) No 1907/2006 (REACH) as amended

Pyrogallol

Creation date	21st September 2019					
Revision date	16th December 2024	Version	3.0			

4.2. Most important symptoms and effects, both acute and delayed If inhaled Cough, headache. If on skin not available If in eyes Not expected. If swallowed Irritation, nausea.

4.3. Indication of any immediate medical attention and special treatment needed Symptomatic treatment.

SECTION 5: Firefighting measures 5.1. Extinguishing media

Extinguishing media Suitable extinguishing media

Alcohol-resistant foam, carbon dioxide, powder, water spray jet, water mist.

Unsuitable extinguishing media

Water - full jet.

5.2. Special hazards arising from the substance or mixture

In the event of fire, carbon monoxide, carbon dioxide and other toxic gases may arise. Inhalation of hazardous degradation (pyrolysis) products may cause serious health damage.

5.3. Advice for firefighters

Self-Contained Breathing Apparatus (SCBA) with a chemical protection suit only where personal (close) contact is likely. Use a self-contained breathing apparatus and full-body protective clothing. Do not allow run-off of contaminated fire extinguishing material to enter drains or surface and ground water.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Use personal protective equipment for work. Follow the instructions in the Sections 7 and 8. Do not inhale dust. Prevent contact with skin and eyes.

6.2. Environmental precautions

Prevent contamination of the soil and entering surface or ground water.

6.3. Methods and material for containment and cleaning up

Place the product mechanically in an appropriate manner. Dispose of the collected material according to the instructions in the section 13.

6.4. Reference to other sections

See the Section 7, 8 and 13.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Do not inhale dust. Prevent contact with skin and eyes. Obtain special instructions before use. Do not eat, drink or smoke when using this product. Wash hands and exposed parts of the body thoroughly after handling. Do not handle until all safety precautions have been read and understood. Use only outdoors or in a well-ventilated area. Use personal protective equipment as per Section 8. Observe valid legal regulations on safety and health protection. Avoid release to the environment.

7.2. Conditions for safe storage, including any incompatibilities

Store in tightly closed containers in cold, dry and well ventilated areas designated for this purpose. Store locked up. Keep container tightly closed.

7.3. Specific end use(s)

not available

SAFETY DATA SHEET

according to Regulation (EC) No 1907/2006 (REACH) as amended

Pyrogallol					
Creation date	21st September 2019				
Revision date	16th December 2024	Version	3.0		

SECTION 8: Exposure controls/personal protection

Control parameters

DNEL

8.1.

pyrogallol					
Workers / consumers	Route of exposure	Value	Effect		
Workers		6.2 µg/cm ²			

8.2. Exposure controls

Follow the usual measures intended for health protection at work and especially for good ventilation. This can be achieved only by local suction or efficient general ventilation. Do not eat, drink and smoke during work. Wash your hands thoroughly with water and soap after work and before breaks for a meal and rest.

Eye/face protection

It is not needed.

Skin protection

Hand protection: Protective gloves resistant to the product (nitrile rubber). Contaminated skin should be washed thoroughly.

Respiratory protection

Use a mask with anti-dust filter when the exposition limits of the substances are exceeded or at the place with insufficient ventilation.

Thermal hazard

Not available.

Environmental exposure controls

Observe usual measures for protection of the environment, see Section 6.2.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state	solid
Colour	colorless to yellowish
Odour	characteristic
Melting point/freezing point	132-134 °C
Boiling point or initial boiling point and boiling range	309 °C
Flammability	data not available
Lower and upper explosion limit	data not available
Flash point	data not available
Auto-ignition temperature	data not available
Decomposition temperature	data not available
pH	4-5 (undiluted)
Kinematic viscosity	data not available
Solubility in water	400-600
Partition coefficient n-octanol/water (log value)	data not available
Vapour pressure	data not available
Density and/or relative density	data not available
Relative vapour density	data not available
Particle characteristics	data not available
Other information	

not available

SECTION 10: Stability and reactivity

10.1. Reactivity

The substance is non-flammable.

9.2.

		SAFEIYI	DATA SHEET

10.2.	Chemical stability	1 1 10		
10.2	•	Inder normal conditions.		
10.3.	Possibility of hazard Unknown.	ous reactions		
10.4.	Conditions to avoid			
	The product is stable against frost.	and no degradation occurs u	nder normal use. Protec	ct against flames, sparks, overheating ar
10.5.	Incompatible mater	ials		
	Protect against strong	acids, bases and oxidizing ag	jents.	
10.6.	Hazardous decompo	sition products		
	Not developed under high temperature and	5	comes such as carbon m	onoxide and carbon dioxide are formed

SECTION 11: Toxicological information

11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

No toxicological data is available for the substance.

Acute toxicity

Harmful if swallowed, in contact with skin or if inhaled.

pyrogallol

Route of exposure	Parameter	Value	Exposure time	Species	Sex		
Oral	LD50	790 mg/kg		Rat (Rattus norvegicus)			

Skin corrosion/irritation

Based on available data the classification criteria are not met.

Serious eye damage/irritation

Based on available data the classification criteria are not met.

Respiratory or skin sensitisation

Based on available data the classification criteria are not met.

Germ cell mutagenicity

Suspected of causing genetic defects.

Carcinogenicity

Based on available data the classification criteria are not met.

Reproductive toxicity

Based on available data the classification criteria are not met.

Toxicity for specific target organ - single exposure

Based on available data the classification criteria are not met.

Toxicity for specific target organ - repeated exposure

Based on available data the classification criteria are not met.

Aspiration hazard

Based on available data the classification criteria are not met.

Pyrogallol					
Creation date	21st September 2019				
Revision date	16th December 2024	Version	3.0		

11.2. Information on other hazards

Endocrine disrupting properties

Based on available data the classification criteria are not met. Does not contain any components that may cause endocrine disruption for humans.

Other information

not available

SECTION 12: Ecological information

12.1. Toxicity

Harmful to aquatic life with long lasting effects. **Acute toxicity**

pyrogallol							
Parameter	Value	Exposure time	Species	Environment			
LC50	41.8 mg/l	96 hours	Fish (Danio rerio)				
EC₅o	47.8 mg/l	24 hours	Daphnia (Daphnia magna)				
EC₅o	3.8 mg/l	16 hours	Bacteria (Pseudomonas putida)				

12.2. Persistence and degradability

The following data are available.

Biodegradability

pyrogallol						
Parameter	Method	Value	Exposure time	Environment	Result	
	OECD 302B	>90 %			Easily biodegradable	

12.3. Bioaccumulative potential

No data available for the substance.

12.4. Mobility in soil

Based on available data the classification criteria are not met. Does not contain any PMT or vPvM components.

12.5. Results of PBT and vPvB assessment

Based on available data the classification criteria are not met. Does not contain any PBT or vPvB components. Product does not contain any substance meeting the criteria for PBT or vPvB in accordance with the Annex XIII of Regulation (EC) No 1907/2006 (REACH) as amended.

12.6. Endocrine disrupting properties

Based on available data the classification criteria are not met. Does not contain any components that may cause endocrine disruption in the environment.

12.7. Other adverse effects

Not available.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Hazard of environmental contamination; dispose of the waste in accordance with the local and/or national regulations. Any unused product and contaminated packaging should be put in labelled containers for waste collection and submitted for disposal to a person authorised for waste removal (a specialized company) that is entitled for such activity. Do not empty unused product in drainage systems. The product must not be disposed of with municipal waste. Empty containers may be used at waste incinerators to produce energy or deposited in a dump with appropriate classification. Perfectly cleaned containers can be submitted for recycling.

Statement

The safety data sheet provides information aimed at ensuring safety and health protection at work and environmental protection. The provided information corresponds to the current status of knowledge and experience and complies with valid legal regulations. The information should not be understood as guaranteeing the suitability and usability of the product for a particular application.
